

## Services for afterschool care and holiday programme providers

Is your afterschool care or holiday programme service looking for activity ideas?

Would you like to provide another fun option, and not have to worry about planning and expertise?

Would you like the potential to increase your client base or increase programme participants via the Ni Hao Children's Community student base?

## Afterschool care programme collaborations during school terms

- Mandarin Chinese language exposure in a fun group activity setting, planned by our teachers
- Relaxed learning environment so that children are able to rest after busy school days
- Weekly 30-minute sessions for the entire school term or school year
- Conveniently provided at your site
- Our teaching staff are police vetted and will supervise the children during the session time without the need to occupy your staff time.

## School Holiday Programme activities

- Fun Mandarin Chinese language learning and cultural activities carefully planned by our staff
- Flexible time options according to your service needs: an hour, ½ day, full day
- A teacher runs the activity at your site with the assistance of your rostered programme staff
